Mastering The Science Of Integrative Blood Chemistry

A 2-Day Blood Chemistry Analysis Seminar

This two-day seminar will allow practitioners to master, implement, and offer Integrative Blood Chemistry Analysis immediately in their practice. Mastering the science of Integrative Blood Chemistry along with a detailed medical history and physical exam will teach you how to:

- Pinpoint underlying blood chemistry imbalances that are implicated in chronic health conditions and how to apply targeted nutritional supplementation to balance blood chemistries.
- Identify hormonal, metabolic, and gastrointestinal contributors to patient's health with scientific accuracy.
- Dramatically improve your clinical outcomes and amaze your patients with your diagnostic skills.
- Answer with authority - "I feel terrible but my Primary Care Physician says that all my tests are normal".
- Get results on those hard-to-treat cases that other practitioners can't address.
- Understand how to identify pathology and when to refer the patient for further testing or offer more integrative care.
- How to grow and increase profitability of the practice by becoming an authority in Integrative Health Care.

**Attendees Will Receive
A Blood Assessment Computer Program,
Updated Manual and Quick Reference Guide**

CE CREDITS

**11 Hours Applied for DC, DE, MD, PA,
VA, WV**

Sponsored by Logan College of Chiropractic

Pending PDA Points

Dr. Abbas Qutab, founder of Elan Vital Medical Centers and Spas located in Boston, MA. holds degrees in: Medicine, Oriental Medicine, Chiropractic and has a Ph.D. in Ayurvedic Medicine. Dr. Qutab, has taught thousands of physicians in Europe and in the U.S. on how to integrate alternative medicine into their practices.
