

BioPause-AM™

BioPause-PM™

For Healthcare Professionals Only

BioPause-AM™ and BioPause-PM™:

Improved well-being for women from Biotics Research Corporation bringing you *“The Best of Science and Nature”*

BioPause-AM™ is a proprietary herbal blend, containing *Cimicifuga racemosa*, *Rhodiola rosea*, *Leonorus cardiaca*, and *Vitex agnus-castus*.

Cimicifuga racemosa root, also known as Black Cohosh, is very effective in decreasing hot flashes and night sweats. *Rhodiola rosea* is an adaptogen that helps support normal adrenal function. *Leonorus cardiaca*, also known as Mother Wort, has long been used for palpitations associated with hot flashes. *Vitex agnus-castus*, also known as Chasteberry, is calming and helps support menstrual regularity. Vitex is appropriate for women still menstruating but having hot flashes. It calms them down.

BioPause-AM™ is best taken prior to 2 p.m., 2 capsules early morning recommended. It should be taken consistently for 8 weeks for maximum results. **Cautions:** For adult use only. Not recommended for pregnant or lactating women.

BioPause-PM™ is a proprietary herbal blend, containing Magnesium (as glycinate), *Cimicifuga racemosa* (root) also known as Black Cohosh, *Passiflora incarnata* (flower) also known as Passionflower, and *Melissa officinalis* (leaves) also known as Lemon Balm.

Magnesium glycinate helps with sleep and relaxation. *Cimicifuga racemosa* root (Black Cohosh), as mentioned above is beneficial for its effect on hot flashes and night sweats. *Passiflora incarnata* and *Melissa officinalis* both provide a calming of the nervous system. Many women are anxious at the end of the day and have trouble sleeping. They are wired and this combination of herbs helps calm the nervous system and helps with night sweats so they can sleep.

BioPause-PM™ recommended dosage is 2 capsules before bedtime. **Cautions:** For adult use only. Not recommended for pregnant or lactating women.

In an evaluation using both **BioPause-AM™** and **BioPause-PM™**, 11 of 12 women (90%) who responded to a survey reported a reduction in menopausal symptoms. Eighty two percent of the positive respondents said they had a reduction in hot flashes, ninety one percent had a reduction of night sweats, one hundred percent had improved quality of sleep, seventy three percent had improved energy level, eighty two percent had improved mood, sixty four percent had improved memory, fifty five percent had a greater sex drive, and sixty four percent had less joint and muscle aches and stiffness.

BioDrive™

For Healthcare Professionals Only

BioDrive™: Improved well-being for women from Biotics Research Corporation bringing you **“The Best of Science and Nature”**

Biotics Research Corporation is proud to introduce three new and exciting women's formulas, **BioDrive™**, **BioPause-AM™** and **BioPause-PM™**. Each formula was developed with the kind assistance of Michelle Pouliot, ND

BioDrive™ is a proprietary herbal blend, containing *Rhodiola rosea* extract for adrenal support, *Turnera diffusa*, an ancient aphrodisiac, *Urtica dioica* extract which helps to limit SHBG (sex hormone binding globulins), *Ginkgo biloba*, and *Panax quinquefolius* for increased circulation to the extremities, including the sex organs.

In an evaluation using **BioDrive™**, 12 of 17 women (71%) who responded to a survey reported they had a greater interest in sex. Of the twelve positive survey responders, ten said they were more easily aroused, eleven indicated more pleasure with sex, eight reported improved ability achieving orgasm, and five reported increased intensity of orgasm. Some patients on SSRI's, which are famous for affecting libido, have found **BioDrive™** to be very helpful.

BioDrive™ recommended dosage is 2 capsules each morning.
Cautions: For adult use only. Not recommended for pregnant or lactating women.
